

PEBBLE WOVEN COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Pebble Woven is made from our aniline-dyed Mesa cowhide, burnished to create a time-worn patina and a distressed look, and woven on hand-operated antique teak looms.

CHARACTERISTICS:

Pebble Woven is sold as 54" wide goods.

1 yard is equal to 13.50 SF.

Pebble Woven is suitable for accessories, wall coverings, and upholstered applications in moderate wear areas.

Strong and resilient and will not permanently stretch or bag when upholstered.

Includes a light jersey backing for pattern stability and protection.

Treated with flame retardant to meet most industry standards.

Strong, resilient and will not permanently stretch or 'bag' when upholstered; the unique weaving technique imparts a memory that always returns to original form.

Natural variations in color, tone and texture will be visible and are part of the beauty of this leather.

A: Pebble Woven is an aniline-dyed leather with no surface pigments; there will be natural shading within a yard and from yard to yard.
