

# EXPRESSIONS COWHIDE

PRODUCT CHARACTERISTIC SHEET

## PRODUCT DESCRIPTION:

Expressions is an embossed full-aniline cowhide, Hand-Tipped with multiple colors and effects that enhance the bold color and distinctive pattern.

## CHARACTERISTICS:

The characteristic finish effect of this leather artwork is applied by hand; the resulting variance in design and color are part of its natural beauty. With the hand-crafted nature of this product, variation in color and texture should be expected as part of the natural beauty of this leather.

As an Aniline leather, Expressions Cowhide does not have the full coverage of a pigmented formula as a Finished leather does; there will be natural variations in color, tone, and texture and each hide's unique history and natural markings will be highlighted.

As a Hand-Tipped leather, there will be some variation in coloration and boldness of the tipping effect within a hide and from hide to hide.

A sample is not necessarily representative of the overall effects of this leather.

Due to lack of full finish coverage, this product type is subject to more soiling, fading, and wear.

**A:** Expressions is an Aniline leather, with no consistent surface pigments; there will be natural color shading within a hide and from hide to hide.

**B:** Leather is a natural product, therefore it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.

**C:** Expressions Cowhide is a Hand-Tipped leather, therefore there will be some variation in coloration and boldness of the tipping effect within a hide and from hide to hide, due to its hand-crafted nature.
