DUVEL RUSTICA IMPRESIÓN COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Duvel Rustica Impresión Cowhide is a full-grain, aniline-dyed cowhide with a unique pull-up finish that is created with special oils and waxes to add depth and transparency within the hide. The rich, vibrant colors that highlight this leather bring a modern and sophisticated look to the well-known distressed character. The leather is then gaufrage-embossed to create the pattern detail.

CHARACTERISTICS:

Gaufrage is a unique embossing process that creates upholstery leather of exceptional softness and beauty. The design impression is transferred to the leather by an engraved roller under high heat and low pressure for a soft natural hand without pattern match lines.

As a wax pull-up leather, this product will burnish and patina with wear, showing scratches and other markings while in use.

Each hide's natural markings will be highlighted. The appearance of natural markings such as the backbone, healed scars, grain variation, and fat wrinkles are to be expected. This is a very natural leather; the leather itself has only been minimally altered from its natural state.

Super softness.

Natural variations in color, tone and texture will be visible and are part of the beauty of this leather.

Due to the nature of this product, Duvel Rustica Impresión Cowhide will scratch and create a patina that mimics years of loving use.

A

A: Duvel Rustica Impresión Cowhide is an Aniline leather, with no consistent surface pigments; there will be natural color shading within a hide and from hide to hide.

COLOR VARIATION

B

B: Leather is a natural product, therefore it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.
